SUBJECT: Solid Waste Collection Delays – Winter Storm

Because of the winter storm and icy road conditions, collection services of all customers, serviced by both City crews and its contractor, will be delayed this week. ***Customers are asked to place their garbage and recycling at the curb on their normal collection day, and leave it at the curb until it is serviced. Every effort will be made to provide all customers their weekly service by Saturday evening. However, icy street conditions may prohibit the safe operation of solid waste collection equipment. There will be no collection of yard debris and waste placed outside the cart this week.***

Solid Waste Management regrets any inconvenience customers may experience. Every effort is being made to resume normal solid waste services as soon as possible.

Thank you for your patience and cooperation.
